

include/die.h

```
graph TD; A[include/die.h] --> B[types.h]; A --> C[time.h];
```

The diagram illustrates a header file dependency. At the top, a box labeled 'include/die.h' has two arrows pointing downwards to two other boxes. The left box is labeled 'types.h' and the right box is labeled 'time.h'. The 'include/die.h' box is shaded gray, while the 'types.h' and 'time.h' boxes are white with black borders.
